

ATLANSHIP S.A.

MANAGERS AND AGENTS
P.O.B. 12, 1814 LA TOUR-DE-PEILZ - SWITZERLAND

Atlanship S.A. is involved in full ship-management activities and operations of 6 specialized reefer ships and 6 container ships. The company's head office is based in La Tour-de-Peilz, Switzerland. For our technical representative office in Rotterdam, we are looking for a:

Assistant Technical Superintendent Container Ships

Main tasks are **assisting** the Technical Superintendent in:

- Carrying out ship's inspections, coordinating Class and Statutory surveys, handling repairs/claims
- Preparation, organization and execution of ship's dry-docking
- Supervision of correct and cost-effective purchasing of spare parts, stores and services
- Daily monitoring of the PMS (Planned Maintenance System)

The ideal candidate should have:

- A diploma in engineering or ship management with few years of shore-based experience, or
- A sea-going experience as a Third or Fourth Engineer
- A good technical knowledge, professional communication and reporting skills
- Ability to multi-task and be a good team player willing to work in an international environment

The requirements

- EU citizen or otherwise in possession of a Dutch work visa
- Be fluent in English, both verbal and writing

We offer:

- An interesting and challenging position within a small team
- Good career advancement

Applications (accompanied with C.V.) will be treated in full confidence and should be sent by email to: **jobs@atlanship.ch**
