

Atlanship S.A. is involved in full ship-management activities and operations of 6 specialized reefer ships and 4 container ships. The company's head office is based in La Tour-de-Peilz, Switzerland. The technical representative office in Rotterdam deals with the operational and technical matters.

For our technical representative office in Rotterdam, we are looking for a:

Technical Superintendent

Main tasks are:

- Responsible for the technical condition of the assigned ships
- Carrying out ship's inspections, coordinating surveys, repairs/claims with Class/Flag State
- Preparation, organization and execution of ship's dry-docking
- Preparing and managing the budgets for assigned ships
- Responsible for the supervision of correct and cost-effective purchasing of spare parts, stores and services

The ideal candidate should:

- Possess an (unrestricted) Chief Engineer's license and sea-going service in a senior rank on board reefer ships and/or have experience in a similar shore-based position
- Have good technical knowledge
- Have excellent professional communication and reporting skills
- Have a good knowledge of MS Office applications and modern Planned Maintenance Systems, such as AMOS or ShipNet
- Be fluent in English, both verbal and writing
- Be a team player willing to work in an international environment

We offer:

- An interesting and challenging position within a small team
- Attractive conditions of employment

Applications (accompanied with C.V.) will be treated in full confidence and should be sent by email to: office2@atlanship.nl
